WOMA[®] NEWS

NEW MEMBER OF THE WOMA GROUP

New WOMA UK established

Best customer approach through local presence, fast service response and short spare parts delivery. Diversification of pump applications for a broader market access.

The new WOMA UK has started in June 2009 for better market approach by Steve Jones as shareholder and managing director.

Steve Jones, Managing Director

WOMA GmbH are very pleased to be shareholders in the new WOMA (UK) Ltd.

Steve Jones has worked alongside WOMA for over 22 years, from his start with Theo Sausen, and for many years with Dr. Folker Borchardt.

Steve's team at WOMA (UK) Ltd. comprises of highly qualified and experienced engineers, backed up by dedicated office support.

From the new premises in Andover, Hampshire, the team will offer unrivalled service to our customers, such as the supply of high pressure water pumps, units and accessories and after sales servicing with original WOMA spare parts.

Hence, WOMA UK is looking forward to promoting the new pumps, ATEX-certificated cutting devices within the oil and gas industry, which is an area they specialize in. WOMA UK will support the complete WOMA Group in the fields of mud, oilfield intervention, and special offshore plunger pump applications.

Dear Customers and Partners,

All members of WOMA Group are delighted to welcome the new WOMA UK in the worldwide WOMA network.

This is a major step ahead in strengthening our worldwide sales and services presence.

The fundamental knowledge of the WOMA UK staff will provide the opportunity for faster local support of our customers in high pressure water jetting technology.

Our aim is to win many more satisfied customers for WOMA UK and all of us.

Sincerely yours,

Theo Sausen

President and Associate of
WOMA Group
